Using Online Bill Payment

Sending online payments with Quicken is a fast and easy way to pay your bills. It requires two steps: setting up an online payee and creating an online payment.

Set Up an Online Payee

An online payee can be any business, organization, or individual to whom you make payments. You have to add each online payee to the **Payees** list only once; all Quicken accounts share this list.

Step 1 From the **Online** menu, choose **Payments** and then choose **Online Payees**.

Step 2 Click **New** and complete all fields on the screen.

Step 3 Click **Create**. Review the information for accuracy and click **Yes**.

To edit, click **No** and make any necessary changes.

Create an Online Payment

After you create an online payee, you are ready to create an online payment.

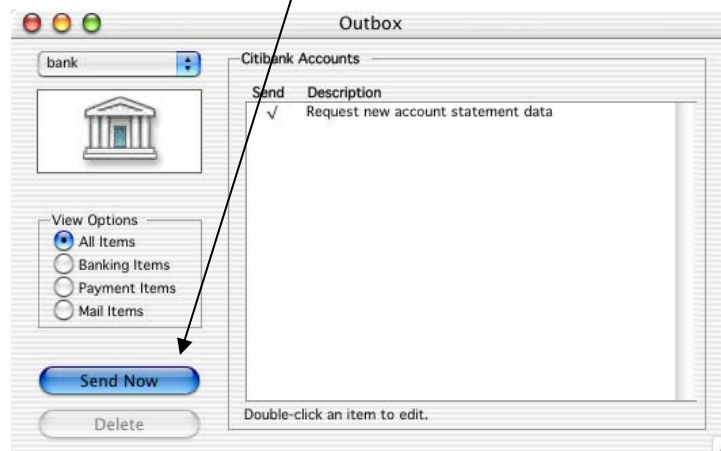

Step 1 From the **Online** menu, choose **Payments** and then choose **Enter Payment**.

Step 2 In the Enter Online Payment window, enter the name of the online payee you just set up. Enter the amount of the payment and category (optional).

Step 3 Click **Put In Outbox**.

Quicken saves this payment in the Outbox. You can create other online payments and add them to the Outbox.

Step 4 When you are ready to send your payments, choose **Outbox** from the **Online** menu and then choose **Send Now**.

Step 5 Enter your PIN Vault password or click Bypass PIN Vault and enter your PIN for Old National Bank.

You will connect to the Internet and your payment instructions will be sent.
