These sales were both completed on August 14, 2015.

Old National also announced today that it has agreed to sell the Company's insurance agency subsidiary, ONB Insurance Group, Inc., d/b/a Old National Insurance, to Prime Risk Partners. Upon the completion of the transaction, Old National Insurance will operate under the name ONI Risk Partners. Included in the sale are Old

National Insurance's two third-party administrator subsidiaries, Employee Plans, LLC and JWF Specialty. The transaction is expected to close in the 2nd quarter of 2016, and is subject to customary closing conditions.

Additionally, Old National announced today that as of May 1, 2016, it has closed on its partnership with Anchor Bancorp Wisconsin Inc. ("Anchor") in Madison, Wisc. This partnership, which provides an entry point for Old National into the most vibrant communities in the state of Wisconsin, includes 46 banking centers and adds \$1.7 billion in total loans and \$1.8 billion in total deposits, based on March 31, 2016, balances.

Also today, the Company announced its quarterly cash dividend of \$0.13 per share. The dividend is payable June 15, 2016, to shareholders of record on June 1, 2016. For purposes of broker trading, the ex-date of the cash dividend is May 27, 2016.

"These actions, when taken together, are examples of how Old National is focusing on creating sustainable long term value for our shareholders," said Old National President and CEO Bob Jones. "The sale of our insurance group should improve our efficiency ratio, allow us to increase our tangible book value and helps fund the cash portion of the Anchor partnership. Speaking of Anchor, this partnership is off to a great start and our optimism for the benefits that our shareholders will derive is very strong. We feel confident that given the quality of the quarter when combined with these actions, Old National is well positioned for a year of continued growth."

Committed to our Strategic Imperatives and 2016 Initiatives

Old National's continued steady performance and strong credit and capital positions can be attributed to the Company's unwavering commitment to the three strategic imperatives that have guided Old National for 11 years:

1. Strengthen the risk profile; 2. Enhance management discipline; and 3. Achieve consistent quality earnings.

Guided by these three strategic imperatives, Old National's primary initiatives for 2016 are: 1. Continue to grow organic revenue; 2. Improve operating leverage; and 3. Prudent use of capital, all while maintaining a strong credit culture.

Grow Organic Revenue

Balance Sheet and Net Interest Margin

At March 31, 2016, total period-end loans, including loans held for sale, increased \$67.4 million to \$7.030 billion from \$6.962 billion at December 31, 2015. Excluding the change in covered loans, Old National had organic loan growth of \$79.6 million, or 4.6% annualized, in the 1st quarter. The Louisville, Kentucky market, including the Company's new Lexington office, the Kalamazoo, Michigan market and the South Bend, Indiana market were the best producing regions, increasing \$39.5 million (28.5% annualized), \$16.0 million (41.3% annualized) and \$15.0 million (30.5% annualized), respectively, over December 31, 2015, loan balances.

Total core deposits, including demand and interest-bearing deposits, increased \$120.1 million to \$8.422 billion, compared to \$8.302 billion at December 31, 2015. This increase represents an annualized growth rate of 5.8%.

For the 1st quarter of 2016, net interest income totaled \$85.6 million compared to \$85.9 million in the 4th quarter of 2015, and \$91.0 million in the 1st quarter of 2015. Net interest income on a fully taxable equivalent basis was \$90.8 million for the 1st quarter of 2016 and represented a net interest margin on total average earning assets of 3.52%. Included in the 4th quarter of 2015 is a \$10.8 million gain relating to the repurchase of 14 banking properties. Card revenues were impacted by the Durbin Amendment to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. This Amendment became effective for Old National beginning July 1, 2015, resulting in a decline in interchange income of \$2.7 million in the 1st quarter of 2016 as compared to the 1st quarter of 2015.

Improve Operating Leverage

Noninterest expenses for the 1st quarter of 2016 totaled \$98.4 million for Old National. This compares to \$102.5 million in the 4th quarter of 2015 and \$116.2 million in the 1st quarter of 2015. This compares to pre-tax charges of \$4.4 million in severance, \$2.6 million relating to branch consolidations and \$4.0 million in pre-tax merger and integration expenses in the 1st quarter of 2015. As of March 31, 2016, Old National has 160 branches throughout its franchise.

Strategic Action – Sale of Insurance Subsidiary

The sale of Old National Insurance provides Old National the opportunity to focus on its core community banking business, improve its operating leverage and enhance its overall capital position.
